

Sex Ed Works.

Support comprehensive sex education — and give our children the information they need to make safe and responsible decisions.

Six reasons why you should support comprehensive sex education:

- ▶ It's medically and scientifically accurate
- ▶ It includes information about abstinence, contraception, and diseases
- ▶ It's age-appropriate
- ▶ It's unbiased and nonsectarian
- ▶ It supports a healthy body image
- ▶ It works!

This school year, make sure all kids have access to comprehensive sex education. For more information, visit www.ncjw.org or email plana@ncjwdc.org.
