- ▶ Survivors of sex trafficking in the US often lack necessary protections to keep them safe. Safe Harbor Laws recognize that trafficked children are victims, not criminals, and ensure access to medical care, safe housing, remedial education, and counseling services. For more information, visit <https://www.ncjw.org/act/action-resources/state-policy-action-kits/>. #EndSexTrafficking
- ▶ Trafficked children are often arrested for prostitution and thrown into juvenile detention centers. NCJW supports Safe Harbor legislation prohibiting minors under the age of 18 from being prosecuted for prostitution. To find out more about Safe Harbor Laws, visit <https://www.ncjw.org/act/action-resources/state-policy-action-kits/>. #EndSexTrafficking
- ▶ Data suggest that the majority of trafficked youth in the US have been exposed to the child welfare system. To add insult to injury, many states continue to criminalize children who are sexually exploited rather than providing specialized social services. That’s why we need Safe Harbor Laws. To find out more, visit <https://www.ncjw.org/act/action-resources/state-policy-action-kits/>. #EndSexTrafficking
